

Olney Days is just around the corner and we are still looking for some volunteers. So, we are asking our delegates and member associations to help us find people to help us during this special weekend. As always, while we hope that our delegates would want to support this Olney tradition, we know how busy everyone is. So, if you are not able to help yourselves, we would ask that you look within your community for others to help out at one or more of the events over the course of the weekend. By giving us a few hours of your time, you and the others can help make this popular weekend a success.

The following are times that people can help. Please let me know when you are available or ask your friends and neighbors to let me know if they can help. You can reach me at 301 774-6774, on my cell phone at 301 312-4465 or at this email address, helene.rosenheim@verizon.net. We are approved for giving student service learning hour credits.
